<p>Force - Specified Information Order - National Priorities for Policing – A statement on how their force is performing in relation to key national priorities for policing (the new National Police Outcomes Framework) ; These measures fall under the following headings:</p> <ul style="list-style-type: none"> - Reduce murder and other homicides - Reduce serious violence - Disrupt drugs supply and county lines - Reduce neighbourhood crime - Tackle cyber crime - Improve satisfaction among 	<p>Force Exec</p>	<p>Quarterly</p>	<p>Infographic and descriptions and stats including full data and percentages.</p>	<p><i>A written statement</i></p> <p>Reduce murder and other homicides</p> <p>There have been 3x recorded homicide offences in Q2, one of which has subsequently been reclassified. Of the remaining two, one (Op Helianthos) is confirmed as a murder and the suspect has been charged. The other (Op Bassett) is an attempted murder involving a shooting, whereby one suspect has been arrested and charged.</p> <p>There were 2x homicide offences recorded in Q1, a total of 5x to date against just one in the same period last year.</p> <p>Homicide reduction focuses on SV and DA and forms part of existing reduction plans in those respective areas.</p> <p>Reduce serious violence</p> <p>The force has seen further reductions in SV in Q2 compared to Q1 and for the same period last year. These reductions are across both gun crime and knife crime and although ‘other violence’ is up on last year, it is below pre-pandemic levels.</p> <p>The reductions have been seen across both Bedford and Luton, however there has been an increase (most notably) in other violence across Central Beds. The force will be utilising the uplift in ‘Grip’ funding to adopt a similar dedicated ‘Sparkler’ response to Central Beds that has reaped rewards across Bedford and Luton.</p> <p>The force continues with Op Rowan – an academic study based upon hotspot patrols, involving a ‘pulse’ delivery of service.</p> <p>The continued excellent work of the VERU focuses on intervention and diversion, with higher levels of referrals continuing into Q2. A bespoke BAVEX campaign has raised awareness amongst children, parents and those who work with young people and a refreshed schools programme has been delivered to coincide with the return to education in Q2.</p> <p><u>Q2 2021 stats</u></p> <p>117 stop searches with 30 arrests culminating in 30 positive outcomes.</p>
---	-------------------	------------------	--	--

<p>victims – with a particular focus on victims of domestic abuse</p>			<p>In total, there were 559.5 hours of proactive patrols:</p> <p>From that proactivity £11560 in cash seized, 86 wraps of class A and B drugs seized, 4 knives and 2 viable firearms seized.</p> <p>This has generated 113 intelligence reports.</p> <p>Disrupt drugs supply and county lines</p> <p>Bedfordshire currently have 36 live OCG’s and 5 priority individuals (41). Drug supply is the highest primary SOC driver across the organised crime groups mapped with 32 (78%) OCG’s primary criminality being Drug supply.</p> <p>Bedfordshire currently have 28 County Lines mapped all of which are MoRile scored. 23 CL are importing lines with 5 exporting lines.</p> <p>Drug trafficking offences have increased by 20% from Q1 to Q2, but enforcement is strong.</p> <p>The second County Lines intensification week starts on the 11th October with activity planned for every day that week and will be reported in Q3. The force has taken advantage of, applied for and been granted £55K of NCLCC surge funding this year.</p> <p>Op Costello is Bedfordshire’s response to NCA activity against encro-phones. We have identified a number of OCG’s operating within Bedfordshire with primary criminality of Class A supply, further progress from Q1 includes:</p> <p>Op XXXX – 6x warrants executed, 4kg of cocaine seized along with £50k cash and 3x people charged and remanded.</p> <p>Op XXXX – 6kg of cannabis recovered as well as £9k cash.</p> <p>Op XXXX – Shotgun and ammunition recovered with suspect charged and remanded.</p> <p>The recently commissioned Cannabis factory profile linking to street violence has been adopted and is</p>

used to help understand this threat across the region.

Reduce neighbourhood crime

Bedfordshire has seen reductions in recorded offences of Burglary (residential) and Personal Robbery in Q2 from Q1, also down on YTD from last year.

There has been a slight increase in TOMV, TFMV and Theft from a Person in Q2 from Q1. These will continue to be monitored and managed through existing force governance structures.

Victim Satisfaction (Domestic Abuse)

Bedfordshire Police is still in a transitional period with regards to capturing extensive VS data and at present the capability is limited. That said, the focus is on DA victims.

In Sept 38x surveys were completed with the headlines being that 80% of victims were satisfied by the service/ felt supported.

In Q2 we have received a total of 73x reports of dissatisfaction, of which 5x related to victims of DA (either closed to their satisfaction or still open, none subject to a subsequent referral to PSD)

Tackle cyber crime

Bedfordshire has a dedicated and well resourced Cyber Hub to tackle Cyber Crime and raise awareness. Further to the comprehensive update in Q1:

Areas the OPCC has requested further to the Specified Information Order

In October 2021, the Force lost 9 officers through retirement, transfer or resignation, this is a reduction from 12 in September and 16 in August. The data revealed no exceptional reporting for this month.

The table below shows the total leavers summary for the Year to Date, drilling down into length of service. It is not unexpected that 1-2 year service for police officers is an outlier – with the police uplift programme now in full flow, about 40% of the workforce has less than 5 years-service one would expect this figure to be higher.

Force Exec are completing a full review of the figures and %s – this will be available in January 2021.

The table below shows the representation of BAME and female across the organisation's new joiners:

Position Category	Total Starters Headcount	Starters BAME Headcount	Starters Female Headcount	Starters Under 24 Headcount
Officer	13	4 (30.77%)	5 (38.46%)	11(84.62%)
Staff	17	3 (17.65%)	12 (70.59%)	10(58.82%)
PCSO	8	2 (25%)	5 (62.5%)	2 (25%)
Total:	38	9 (23.68%)	22 (57.89%)	23(60.53%)

The organisation continues to attract a diverse workforce and as can be seen from the below table Year to Date BAME representation in new recruits is at 16.5% with 45.1% female. Both these figures are above the overall organisation position as can be seen in point 3 below and reflects well on the future projections for the organisation albeit still highlights the level of work needed, over a period of time, to achieve proportions of population across the County.

The table below shows the current total representation from a BAME and female perspective as at October 2021:

Position Category	Total Headcount	BAME Headcount	Female Headcount
Officer	1382	134 (9.7%)	511 (36.98%)
Staff	1114	70 (6.28%)	710 (63.73%)
PCSO	55	12 (21.81%)	29 (52.72%)
Special	126	19 (15.08%)	28 (22.22%)
Total	2677	235 (8.78%)	1,278 (47.74%)

The PCC and Chief Constable have expressed their combined pledges of making the Bedfordshire Police Force, in terms of ethnicity, representative of the Communities it serves. There has therefore been a focus during their tenures to increase the BAME numbers in the Force, which were at 6% in 2016, to closer to the county average which is expected to be 30% in the 2021 census. The total officer representation across the force currently stands at just under 10%, however, representation in the new recruit cohorts sits at 16.5% (20% if including all non-white British) and the wider recruitment pool at 14-16% for officers.
