## INTRODUCTION

### PURPOSE

1. The purpose of this document is to set out the Financial Regulations that apply to the Police and Crime Commissioners for Bedfordshire, Cambridgeshire and Hertfordshire (the Commissioner), all staff in his/her office, the Chief Constables and police officers and police staff within Bedfordshire Police, Cambridgeshire Constabulary and Hertfordshire Constabulary having due regard to the overall regulatory framework of their approach to financial management.
2. To conduct business effectively, sound financial management policies are essential, and they must be strictly adhered to. Part of this process is to adopt and implement Financial Regulations. These Regulations have been drawn up in such a way as to ensure that the financial affairs of the Commissioner and the Chief Constable are conducted properly and in compliance with all necessary requirements. They also seek to reinforce the standards of conduct in public life required by the Commissioner, the Chief Constable, police officers, police staff and staff within the Office of the Commissioner (OPCC) and in particular the need for openness, accountability and integrity.
3. The Regulations are designed to establish financial responsibilities, to confer duties, rights and powers upon the Commissioner, the Chief Constable and their officers and staff and to provide clarity about the financial accountabilities of groups or individuals and anyone acting on their behalf.
4. They reflect the application of best practice and the requirements of legislation. In particular they seek to meet the criteria set out in the Financial Management Code of Practice issued by the Home Office under Section 17 of the Police Reform and Social Responsibility Act 2011 and Section 39 of the Police Act 1996 which permits the Secretary of State to issue codes of practice to all police and crime commissioners and chief constables.
5. The Commissioner and the Chief Constable are established in law as corporations sole by the Police Reform and Social Responsibility Act 2011. As such, both are enabled to employ staff and hold funds in their official capacity. The roles, powers and duties of each are set out in the Commissioners' Scheme of Governance.

6. The Commissioner is the recipient of all funding, including the government grants, precept and other sources of income, related to policing and crime reduction and all funding for the force must come via the Commissioner. The Commissioner is responsible for allocating this funding in consultation with the Chief Constable, or in accordance with any grant terms.
7. The Commissioner is required to appoint a person to be head of the commissioner's staff and both the Commissioner and the Chief Constable are each required to appoint a Chief Finance Officer (CFO).

#### STATUS

8. These Financial Regulations should not be seen in isolation, but rather as part of the overall regulatory and governance framework that includes the Policing Protocol, Codes of Conduct and the Commissioners' Scheme of Governance.
9. The Commissioner, Chief Constable and all officers and staff have a general duty to take reasonable action to provide for the security of assets under their control and for ensuring that the use of these resources is legal, properly authorised, provides value for money and achieves best value.
10. Financial Regulations define the working financial relationship between the Commissioner and the Chief Constable and their respective CFOs, and the Chief Executive/Chief of Staff.
11. The Commissioner and Chief Constable are jointly responsible for approving or amending Financial Regulations. The Commissioner's CFO is responsible for maintaining and reviewing the Financial Regulations and submitting any additions or amendments to the Commissioner and Chief Constable, after consulting with the Chief Constable's CFO and the Chief Executive/Chief of Staff. Copies will be available on the Commissioner's website and on the Constabulary Intranet.
12. A delegation in these Financial Regulations to a Chief Officer shall permit further delegation to other officers provided that the terms of the delegation are clearly documented.

13. Chief Officers are responsible for ensuring that all employees, contractors and agents are aware of the existence and content of these Financial Regulations and that they are complied with.
14. Breaches of Financial Regulations of a serious nature may result in disciplinary proceedings and, potentially, criminal action. Such cases shall be reported to the Commissioner's CFO and/or Chief Constable's CFO who shall determine, after consulting with the Monitoring Officer, whether the matter shall be reported to the Commissioner and/or Chief Constable. Further guidance is set out in Section I.
15. The Commissioner and all officers and staff have a duty to abide by the highest standards of probity (i.e. honesty, integrity and transparency) in dealing with financial issues.
16. The Financial Regulations shall only be suspended by a formal decision of the Commissioner.

#### THE FINANCIAL REGULATIONS

17. The Financial Regulations are divided into a number of sections. References are made in the individual sections to delegated limits of authority. The actual value of each limit is set out in Section G. Changes to delegated limits can then be made without reviewing the whole document.

  - Section B - Financial Planning and Control
  - Section C - Management of Risk and Resources
  - Section D - Systems and Procedures

## SECTION B - FINANCIAL PLANNING AND CONTROL

### B1 FINANCIAL PLANNING

#### Overview

1. Delivering a range of policing activities is complex and needs systems to be developed and implemented to enable scarce resources to be allocated in accordance with carefully considered priorities. Proper financial planning is essential if an organisation is to function effectively.
2. The financial planning process should be directed by the approved Police and Crime Plan, the business planning process and the need to meet key objectives.
3. The planning process should be continuous and the planning period should cover a minimum of 4 years. The process should include a more detailed annual plan, the budget, covering the forthcoming financial year. This allows the Commissioner and the Constabulary to plan, monitor and manage the way funds are allocated and spent during the financial year and over the medium term.
4. The annual budget will be supported by a detailed subjective and objective analysis of spending at functional level, including collaborated functions.
5. It is recognised that the impact of financial planning in the police service will be constrained by the quality and timing of information made available by Central Government on resource allocation.

#### Medium Term Financial Plan

6. The Commissioner and Chief Constable share a responsibility to provide effective financial and budget planning for the short, medium and longer term. They achieve this by ensuring that a medium-term financial plan is prepared including financial projections for at least 4 years together with a capital programme covering the same period.

#### Responsibilities of the Commissioner

7. To identify and agree, in consultation with the Chief Constable and other relevant partners and stakeholders, a medium-term financial strategy which includes funding and spending plans for both revenue and capital. The strategy should consider multiple years, the inter-dependencies of revenue budgets and

capital investment, the role of reserves and consideration of risks. It should have regard to affordability and also to CIPFA's Prudential Code for Capital Finance in Local authorities. The strategy should be aligned with the Police and Crime Plan.

#### Joint Responsibilities of the Commissioner's CFO and Chief Constable

8. To determine the format and timing of the medium-term financial strategy to be presented to the Commissioner. The format is to comply with all legal requirements and with latest guidance issued by CIPFA.
9. To prepare a medium term forecast of the net budget required for submission to the Commissioner. When preparing the forecast, the Chief Constable shall have regard to:
  - The parameters (percentage increase/reduction in current budget) set by the Commissioner, in consultation with the Chief Constable
  - the Police and Crime Plan
  - policy requirements approved by the Commissioner as part of the Police and Crime Plan and the policy framework of the Strategic Policing Requirement
  - unavoidable future commitments, including legislative requirements
  - initiatives already underway
  - revenue implications of the capital programme
  - proposed service developments and plans which reflect public consultation
  - the need to deliver efficiency and/or productivity savings
  - Government grant allocations
  - potential implications for local taxpayers
10. To ensure that the medium-term financial forecast includes options for the use of general and earmarked reserves and provisions, assumptions about future levels of government funding and demonstrates potential implications for local taxation.
11. A gap may be identified between available resources and required resources. Requirements should therefore be prioritised by the Chief Constable, including

the preparation of a savings plan, to enable the Commissioner to make informed judgements as to future funding levels and planning the use of resources.

#### B1A - Annual Revenue Budget Preparation

##### Overview

1. The revenue budget provides an estimate of the annual income and expenditure requirements for the police service and sets out the financial implications of the Commissioner's strategic policies. It provides Chief Officers with authority to incur expenditure and a basis on which to monitor the financial performance of both the Commissioner and the Constabulary.
2. The Commissioner should consult with the Chief Constable and other relevant partners and stakeholders in planning the overall annual budget which will include a separate Constabulary budget. This will take into consideration funding from Government and from other sources and balance the expenditure needs of the policing service and the Commissioner against the level of local taxation. This should meet the statutory requirements to achieve a balanced budget (Local Government Act 2003) and be completed in accordance with the statutory timeframe.
3. The impact of the annual budget on the priorities and funding of future years as set out in the Police and Crime Plan and the medium-term financial strategy should be clearly identified.

##### Responsibilities of the Commissioner

4. To agree the planning timetable with the Chief Constable.
5. To consult with the Chief Constable and other relevant partners and stakeholders in planning the overall annual budget which will include a separate force revenue budget to be consented to the Chief Constable.
6. To obtain the views of the local community on the proposed expenditure (including capital expenditure) in the financial year ahead of the financial year to which the proposed expenditure relates.
7. To present the proposed budget and precept recommendations to the Police and Crime Panel within the statutory deadlines and respond to their views and comments.

### Responsibilities of the Commissioner's CFO

8. To determine the format of the revenue budget to be presented to the Commissioner in consultation with the Chief Constable. The format is to comply with all legal requirements and with latest guidance issued by CIPFA.

10. To advise the Commissioner on appropriations from/to and or the appropriate level of general reserves, earmarked reserves or provisions to be held.
11. To submit a report to the Commissioner on (1) the robustness of the estimates and the adequacy of reserves and (2) the suite of prudential indicators for the next three years, arising from the Prudential Code for Capital Finance in Local Authorities. These indicators shall be consistent with the annual revenue budget and capital programme approved by the Commissioner.
12. Upon approval of the annual budget, to submit the council tax requirement return to Central Government and precept requests to appropriate bodies in accordance with the legal requirement.
13. To produce and issue information required by the billing authorities to explain how the precept will be used to pay for the cost of policing, in accordance with statutory requirements.

### Joint Responsibilities of the Chief Constable and Chief Constable's CFO

14. To prepare detailed budget estimates for the forthcoming financial year in accordance with the timetable agreed with the Commissioner's CFO.
15. To submit estimates in the agreed format to the Commissioner for approval.

## B2 BUDGETARY CONTROL

### Overview

1. Budget management ensures that once the Commissioner has approved the budget, resources allocated are used for their intended purpose and are properly accounted for. Budgetary control is a continuous process, enabling both the Chief Constable and Commissioner to review and adjust their budget

targets during the financial year. It also provides the mechanism that calls to account managers responsible for defined elements of the budget.

2. The key controls for managing and controlling the revenue budget are that:
  - there is a nominated budget manager for each cost centre heading who is accountable for the budgets under his/her direct control; and
  - the management of budgets must not be seen in isolation. It should be measured in conjunction with service outputs and performance measures.

## B2A - Revenue Budget Monitoring

### Overview

1. By continuously identifying and explaining variances against budgetary targets, the Commissioner and the Chief Constable can identify changes in trends and resource requirements at the earliest opportunity. The Commissioner and Chief Constable both operate within an annual cash limit, approved when setting the annual budget. To ensure that the budget is not overspent in total, the Chief Constable, the Chief Executive/Chief of Staff and the Commissioner's CFO are required to manage expenditure within their budget allocations, subject to the rules of virement.

### Responsibilities of the Commissioner

2. The Commissioner is responsible for approving any increases to the overall approved budget following proposals made by the Chief Constable in consultation with the PCCCFO.

### Responsibilities of the Chief Constable

3. To control income and expenditure and to monitor performance, taking account of financial information provided by the Chief Constable's CFO (CCCFO). Performance against budget will be reported to the Commissioner at least quarterly or more frequently if requested.
4. To take in-year decisions on resources and priorities in order to deliver the budget within the financial policy framework and financial limits set by the Commissioner.

5. To take any action necessary to avoid exceeding the consented budget and alert the PCCCFO to any problems. No expenditure will be incurred, no commitments will be entered into and no liabilities will be established unless there is sufficient and appropriate budgetary provision.
6. The Chief Constable shall have the authority to deal with immediate and very exceptional emergency operational circumstances, such as a major incident, which may result in the need for additional expenditure over and above the approved budget. In these circumstances the Commissioner will be notified at the earliest reasonable opportunity and a subsequent report made.

#### Joint Responsibilities of the Chief Constable and Chief Constable's CFO

7. To provide appropriate financial information to enable budgets to be monitored effectively. Expenditure against budget allocations must be monitored and reported to the Chief Constable on a regular basis.
8. To ensure that each element of income or expenditure has a nominated budget manager to take responsibility for that part of the budget. Budget responsibility should be aligned as closely as possible to the decision-making process that commits expenditure.
9. Where total projected expenditure exceeds the total allocation of resources due to circumstances beyond the control of the Chief Constable, both the Commissioner's CFO and Commissioner shall be alerted immediately and proposals for remedy should be put forward as part of the regular reporting process to the Commissioner.
10. To submit a budget monitoring report to the Commissioner on a regular basis throughout the year, containing the most recently available financial information. The reports shall be in a format agreed with the Commissioner and Commissioner's CFO.
11. To ensure that budget holders manage income and expenditure within their area, monitor performance and report variances within their own areas to the Chief Constable and Chief Constable's CFO.

12. To take any action necessary to avoid an adverse variation to their budget allocation and alert the Commissioner and Commissioner's CFO to any problems.
13. To require detailed budget monitoring to be undertaken by budget holders on a monthly basis and for this to be reported to the Chief Constable's CFO.
14. To ensure that budget holders receive sufficient financial support to enable them to undertake their budgetary control responsibilities.

#### Joint Responsibilities of the Chief Constable and the Commissioner's CFOs

15. To submit a budget monitoring report, containing the most recently available financial information to the Commissioner showing spending to date and comparisons of projected outturn with the latest approved budget.

#### Responsibility of the Commissioner's CFO

16. To co-ordinate a joint budget monitoring report for presentation to the Police and Crime Panel, as necessary, containing the most recently available financial information.
17. To ensure that total spending for the Commissioner's Office remains within the overall allocation of resources and takes corrective action where significant variations from the approved budget are forecast.

#### Joint Responsibilities of the Chief Executive/Chief of Staff and Commissioner's CFO

18. To manage the budget allocated for the Commissioner's Office.
19. To ensure that total spending for the Commissioner's Office remains within the overall allocation of resources and take corrective action where significant variations from the approved budget are forecast. Where total projected expenditure exceeds the total allocation of resources due to circumstances beyond the control of the Chief Executive/Chief of Staff the Commissioner and the Commissioner's CFO shall be alerted immediately together with proposals to remedy the situation as part of the regular reporting process to the Commissioner.
20. To monitor the spending of all grants allocated by the Commissioner to external bodies.

21. To monitor spending on Police Innovation Fund, Transformation Fund grants and any other grants and ensure submission of returns made to Home Office in line with the timetable in the grant agreements.

## B2B - Revenue Virement

### Overview

1. A virement is a planned reallocation of resources between approved budgets or heads of expenditure. A budget head is a line in the approved budget report. The scheme of virement is intended to enable chief officers to manage their budgets with a degree of flexibility within the Police and Crime Plan determined by the Commissioner and, therefore, to provide the opportunity to optimise the use of resources to emerging needs.
2. The Chief Constable is expected to exercise discretion in managing budgets responsibly and prudently and should only be required to refer back to the Commissioner when virement would incur substantive changes in the policy of the Commissioner or where a virement might create a future year or continuing commitment.
3. The Chief Constable shall still be held to account by the Commissioner for decisions made and the way in which resources are deployed. The virement rules allow greater freedom but require detailed reports on significant changes.
4. Key controls for the scheme of virement are:
  - a) it is administered by Chief Officers within delegated powers given by the Commissioner. Any variation from this scheme requires the approval of the Commissioner;
  - b) the overall budget is agreed by the Commissioner. Chief Officers and budget managers are therefore authorised to incur expenditure in accordance with the estimates that make up the budget; and
  - c) virement does not create additional overall budget liability.

### Responsibilities

5. The limits that apply on virements between budget headings are defined in Section G.

6. The exceptions to the above framework are that:
  - a) Virement is not permitted in relation to financing items such as asset charges or where a proposal would adversely affect long term revenue commitments of the Constabulary and/or the Commissioner; and
  - b) When the virement is between an income budget line and an expenditure budget line which is directly related, approval is sought from the Commissioner's CFO and/or Chief Constable's CFO and the income and expenditure budgets will be increased for budget monitoring purposes.
7. Budget lines will be cash limited and defined each year as part of the budget approval.
8. All requests for virement must be made in the format prescribed by the Commissioner's CFO and/or Chief Constable's CFO and information on the virements within the limits set out in section G will be available to support budget monitoring report information.
9. The approval of the Commissioner shall be required if the virement involves:
  - a) a substantial change in the police and crime plan
  - b) a significant addition to commitments in future years
  - c) where resources to be transferred were originally provided to meet expenditure of a capital nature.

#### Responsibility of the Commissioner

10. The Commissioner is responsible for agreeing changes to procedures for the virement of budgets between revenue cost centres or capital programme budget headings.

#### Responsibility of the Chief Constable

11. The Chief Constable is expected to exercise discretion in managing budgets responsibly and prudently and should only be required to refer back to the Commissioner when virement would incur substantive changes in the policy of the Commissioner, exceed agreed limits as defined in Section G or might create a future year or continuing commitment.

12. The Chief Constable shall still be held to account by the Commissioner for decisions made and the way in which resources are deployed.

#### B2C - Treatment of Year End Balances

##### Overview

1. A yearend balance is the amount by which actual income and expenditure varies from the final budget, normally identified down to devolved budget holder level. Arrangements are necessary for the transfer of resources between accounting years, i.e. a carry forward. This may increase or decrease the resources available to budget holders in the following financial year.
2. Carry forwards are to be the subject of a report to the Commissioner as part of the year end outturn report. Budget Managers will be required to satisfy the Chief Constable that expenditure proposed against carry forward underspending is in accordance with Police and Crime Plan priorities and is non-recurrent in nature.

##### Joint Responsibilities of the Commissioner's CFO and the Chief Constable's CFO

3. To ensure that Budget Managers report any overspend on their budgets promptly in any financial year.
4. To consider reducing budgets for the following financial year where overspending has occurred or is expected to occur.
5. To consider requests from Budget managers who identify planned underspends in any financial year for budget provision to be carried forward to the following financial year, subject to the arrangements set out in Section G. There is no automatic right of carry forward and Budget Managers will be required to satisfy the Chief Constable that expenditure proposed against carry forward underspends is in accordance with Police and Crime Plan priorities and is non-recurrent in nature.
6. To refer all carry forwards that fall outside of the parameters stipulated in these Regulations to the Commissioner for approval.

##### Responsibilities of the Commissioner

7. To consider the arrangements for carrying forward underspends when considering the level of reserves and as part of the development of the financial strategy.

## B3 - CAPITAL PROGRAMME

### Overview

1. Capital expenditure involves acquiring or enhancing fixed assets with a long-term value, such as land, buildings, and major items of plant, equipment or vehicles. Capital assets shape the way services are delivered in the long term and may create financial commitments in the form of financing costs and revenue running costs.
2. Capital investment can be undertaken providing the spending plans are affordable, prudent and sustainable. CIPFA's Prudential Code sets out the framework under which the Commissioner will consider his/her spending plans.
3. The capital programme is linked to the Estates Strategy and other strategies involving proposals for significant investment in capital assets which must be included within the approved Medium-Term Financial Plan.

### Responsibilities of the Commissioner

4. To develop and implement, in consultation with the Chief Constable, approved Estate Management plans together with other strategies involving proposals for significant investment in capital assets.
5. To approve the capital programme.

### Joint Responsibilities of the Chief Constable and Chief Constable's CFO

6. Ensuring that a full evaluation of all new major projects and programmes is carried out and that their comments and conclusions are reported to the Commissioner.
7. To prepare a Medium-Term Financial Plan for consideration and approval by the Commissioner including all financial implications of capital spending plans.
8. To prepare a 4-year (minimum) rolling programme of proposed capital expenditure for consideration and approval by the Commissioner's CFO and Commissioner including all financial implications of capital spending plans. Each scheme shall identify the total capital cost of the project and any additional revenue commitments.
9. To prepare project appraisals for all new schemes to be included in the capital programme for submission to the Commissioner's CFO and Commissioner for

consideration and scheme approval. This will include all additional revenue and capital costs and provide evidence of the scheme's viability for inclusion.

10. To ensure that each capital project has a named officer responsible for sponsoring the scheme, monitoring progress and ensuring completion of the scheme.
11. To identify, in consultation with the Commissioner's CFO, available sources of funding the capital programme, including the identification of potential capital receipts from disposal of property or other assets.
12. To prioritise requirements so that if a gap is identified between available resources and required capital investment the Commissioner can make informed judgements as to which schemes should be included in the capital programme, the minimum level of funding required for each scheme and the potential phasing of capital expenditure.
13. Not to incur capital expenditure unless the scheme is approved by the Commissioner apart from professional fees (e.g. feasibility studies, planning fees).

#### Responsibilities of the Commissioner's CFO

14. To make recommendations to the Commissioner on the most appropriate level of revenue support and appropriate levels of borrowing, under the CIPFA Prudential Code for Capital Finance in Local Authorities, to support the capital programme.

#### B3A - Annual Capital Programme

##### Responsibilities of the Commissioner

1. To agree the annual capital programme, and how it is to be financed.

##### Responsibilities of the Chief Constable

2. To incur expenditure, providing the project appraisal has been approved and the costs of the scheme are included within the approved capital programme and provided cost variations do not exceed the sum contained in the approved programme by more than the percentage identified in Section G.
3. To ensure that property leases, finance leases or other credit arrangements are not entered into without the prior approval of the Commissioner's CFO.

### B3B - Monitoring of Capital Expenditure

#### Responsibilities of the Chief Constable

4. To ensure that adequate records are maintained for all capital contracts.

#### Joint Responsibilities of the Chief Constable's CFO and the Commissioner's CFO

5. To monitor progress of the capital programme and expenditure throughout the year against the approved programme.
6. To submit capital monitoring reports to the Commissioner on a regular basis throughout the year. These reports are to be based on the most recently available financial information. The monitoring reports will show spending to date and compare projected income and expenditure with the approved programme. The reports shall be in a format agreed by the Commissioner's CFO.
7. To prepare a business case for all new capital schemes (after the annual programme has been agreed) for submission to the Commissioner for consultation and approval.
8. To demonstrate how any amendments to the programme increasing the overall costs are to be funded.
9. To report on the outturn of capital expenditure as part of the normal budget monitoring processes.
10. If it becomes apparent that a project is likely to exceed the approved budget within the capital programme the scheme can proceed subject to:
  - Compensating savings being made elsewhere in accordance with the virement rules.
  - Approval of the Commissioner where the excess is greater than the 10% of the approved budget.
  - The appropriate approval for release of additional budget provision being granted in advance of any contractual commitment being entered into.

## B4 MAINTENANCE OF BALANCES AND RESERVES

### Overview

1. Reserves are maintained as a matter of prudence. They enable the organisation to provide for cash flow fluctuations and unexpected costly events and thereby help protect it from overspending the annual budget, should such events occur. Reserves for specific purposes may also be maintained where it is likely that a spending requirement will occur in the future.

### Responsibilities of the Commissioner's CFO

2. To advise the Commissioner on reasonable levels of balances and reserves.
3. To report to the Commissioner on the adequacy of balances and reserves before he/she approves the annual budget and precept.
4. To approve appropriations to and from each earmarked reserve. These will be separately identified in the Annual Statement of Accounts.

### Responsibilities for the Chief Constable

5. To ensure that the annual revenue budget is sufficient to finance foreseeable operational needs without having to request additional approval.
6. To present a business case to the Commissioner's CFO and Commissioner for one-off expenditure items to be funded from earmarked and/or general reserves.

### Responsibilities of the Commissioner

7. To approve a policy on balances and reserves, including the minimum acceptable level of general reserves.
8. To approve the creation of each earmarked reserve. The purpose, usage and basis of transactions should be clearly identified for each reserve established.
9. To approve the allocation of monies to and from general and earmarked reserves, as part of the annual budget setting process.
10. To consent to the Chief Constable additional revenue budget when agreeing to fund one-off expenditure items in response to a request as set-out in 6 above.

## SECTION C - MANAGEMENT OF RISK AND RESOURCES

### C1 RISK MANAGEMENT AND BUSINESS CONTINUITY

#### Overview

1. It is essential that robust, integrated systems are developed and maintained for identifying and evaluating all potential significant corporate and operational risks. This should include the proactive participation of all those associated with planning and delivering services.
2. All organisations, whether private or public sector, face risks to people, property and continued operations. Risk is the chance or possibility of loss, damage, injury or failure to achieve objectives caused by an unwanted or uncertain action or event. Risk cannot be eliminated altogether. However, risk management is the planned and systematic approach to the identification, evaluation and control of risk. Its objectives are to secure the assets of the Commissioner and the Constabulary and to ensure continued corporate and financial well-being. In essence it is, therefore, an integral part of good business practice.

#### Joint Responsibilities of the Commissioner and Chief Constable

3. The Commissioner and Chief Constable are jointly responsible for establishing a framework for identifying and managing the key risks faced by the Commissioner and the Constabulary, as well as approving the risk management policy statement and strategy, and for reviewing the effectiveness of risk management.

#### Responsibilities of the Chief Constable

4. To take, defend or settle civil claims in accordance with the arrangements set out in Section G.

#### Responsibilities of Chief Officers

5. To prepare a risk management policy statement and for promoting a culture of risk management awareness throughout the Constabulary and OPCC and reviewing risk as an ongoing process.
6. To implement procedures to identify, assess, prevent or contain material known risks, with a monitoring process in place to review regularly the effectiveness of risk reduction strategies and the operation of these controls. The risk

management process should be formalised and conducted on a continuing basis.

7. To ensure that appropriate business continuity plans are developed, implemented and tested on a regular basis.

#### Responsibilities of the Commissioner's CFO

8. To advise the Commissioner on appropriate arrangements for insurance. Acceptable levels of risk should be determined and insured against where appropriate. Activities leading to levels of risk assessed as unacceptable should not be undertaken.
9. To arrange for regular reviews to be undertaken of self-insurance arrangements and, following these reviews, to recommend to the Commissioner a course of action to ensure that, over the medium term, funds are available to meet all known liabilities.

#### Joint Responsibilities of the PCCCFO and CCCFO

10. In consultation with the PCCCFO arrange insurance cover and review the effectiveness of risk management in accordance with the overall framework agreed by the Commissioner.

#### Responsibilities of the Chief Constable

18. To ensure that a comprehensive risk register is produced and updated regularly, and that corrective action is taken at the earliest possible opportunity to either transfer, treat, tolerate or terminate the identified risk.
19. To settle civil claims in accordance with the arrangements set out in Section G.

22. To take, defend or settle civil claims in accordance with the arrangements set out in Section G.

## C2 INTERNAL CONTROLS

### Overview

1. Internal control refers to the systems of control devised by management to help ensure objectives of the Commissioner and the Chief Constable are achieved in a manner that promotes economical, efficient and effective use of resources and that assets and interests are safeguarded.
2. Policing is complex and requires an internal control framework to manage and monitor progress towards strategic objectives. The Commissioner and the Chief Constable have statutory obligations, and, therefore, systems of internal control are required to identify, meet and monitor compliance with these obligations.
3. The Commissioner and the Chief Constable face a wide range of financial, administrative and commercial risks, both from internal and external factors, which threaten the achievement of their objectives. Systems of internal control are necessary to manage these risks. These systems of internal control are established in order to provide achievement of:

- efficient and effective operations
- reliable financial information and reporting
- compliance with laws and regulations
- risk management

#### Responsibilities of Chief Officers

4. To implement effective systems of internal control, in accordance with advice from the Commissioner's CFO and Chief Constable's CFO. These arrangements shall ensure compliance with all applicable statutes and regulations, and other relevant statements of best practice. They shall ensure that public resources are properly safeguarded and used economically, efficiently and effectively.
5. The key objective of these control systems is to define roles and responsibilities.

#### Joint Responsibilities of the Chief Executive/Chief of Staff and Chief Constable

7. To conduct a review at least once a year of the effectiveness of the systems of internal controls and to produce Annual Governance Statements for consideration and approval by the Commissioner. Following approval, the Annual Governance Statements should be signed by the Chief Executive/Chief of Staff, Chief Constable and Commissioner.

### C3 AUDIT REQUIREMENTS

#### C3A - Internal Audit

##### Overview

1. Internal audit is an assurance function that provides an independent and objective opinion to an organisation on the control environment, by evaluating its effectiveness in achieving the organisation's objectives. It objectively

- examines, evaluates and reports on the adequacy of the control environment as a contribution to the proper, economic, efficient and effective use of resources.
2. The requirement for an internal audit function for local authorities is either explicit or implied in the relevant local government legislation (section 151 of the Local Government Act 1972), which requires that authorities “make arrangements for the proper administration of their financial affairs”. In the Police Service the Commissioner and Chief Constable are required to maintain an effective audit of their affairs by virtue of the Accounts and Audit Regulations 2015 (as amended) which state that a “relevant body must maintain an adequate and effective system of internal audit of its accounting records and of its system of internal control in accordance with the proper practices in relation to internal control”. The guidance accompanying the legislation states that proper internal control practices for internal audit are those contained in the CIPFA Code of Practice for internal audit in Local Government.
  3. In fulfilling this requirement, the Commissioner and Chief Constable should have regard to the Code of Practice for Internal Audit in Local Government in the United Kingdom issued by CIPFA. The Statement on the Role of the Head of Internal Audit in Public Service Organisations issued by CIPFA sets out best practice and should be used to assess arrangements to drive up audit quality and governance arrangements.
  4. In addition to enabling the Commissioner and the Chief Constable to fulfil their requirements in relation to the relevant Accounts and Audit Regulations, internal audit is needed:
    - to satisfy the Commissioner and the Chief Constable that effective internal control systems are in place; and
    - to satisfy the external auditor that financial systems and internal controls are effective.

#### Responsibilities of the Joint Audit Committee

5. The Home Office Financial Management Code of Practice states that the Commissioner and Chief Constable should establish an Independent Audit Committee. The Committee is a combined body for both the Commissioner and the Chief Constable. The responsibilities of the Joint Audit Committee are:

- To approve the terms of reference within which internal audit operates. In relation to internal audit the terms of reference will include the following key activities and responsibilities:
    - Advising the Commissioner and Chief Constable on the appropriate arrangements for internal audit and approving the Internal Audit Strategy;
    - Approving (but not directing) the annual internal audit plan;
    - To review the OPCC's and Constabulary's risk management processes.
    - Overseeing and giving assurance to the Commissioner and Chief Constable on the provision of an adequate and effective internal audit service; receiving progress reports on the internal audit work plan and ensuring appropriate action is taken in response to audit findings, particularly in areas of high risk;
    - Considering the Head of Internal Audit's Annual Report and annual opinion on the internal control environment for the Commissioner and Constabulary; ensuring appropriate action is taken to address any areas for improvement; and
    - Reviewing and monitoring the effectiveness of policies on fraud, irregularity and bribery.
    - To undertake an annual review of the Commissioner's and Chief Constable's system of internal audit.
    - To ensure effectiveness of the treasury management strategy.
6. To approve the Internal Audit Strategy, which sets out:
- Internal Audit objectives and outcomes;
  - how the Head of Internal Audit will form and evidence his/her opinion on the control environment to support the Annual Governance Statements;
  - how Internal Audit's work will identify and address significant local and national issues and risks;
  - how the service will be provided, i.e. internally, externally, or a mix of the two; and
  - the resources and skills required to deliver the strategy.

### Joint Responsibilities of the Commissioner and Chief Constable

7. To ensure the provision of an adequate and effective internal audit service, having regard to any relevant professional guidelines and audit standards issued by CIPFA.

### Joint Responsibilities of the Commissioner, Chief Constable, Commissioner's CFO and Chief Constable's CFO

8. To ensure that internal auditors, having been security cleared, have the authority to:
  - access police and OPCC premises at reasonable times;
  - access all assets, records, documents, correspondence, control systems and appropriate personnel, subject to appropriate security clearance;
  - receive any information and explanation considered necessary concerning any matter under consideration;
  - require any employee to account for cash, stores or any other police and Commissioner assets under their control; and
  - access records belonging to contractors, when required. This shall be achieved by including an appropriate clause in all contracts.
9. To ensure that Internal Audit has direct access to all Chief Officers and employees, where necessary.

### Responsibilities of the Head of Internal Audit

10. To prepare, in consultation with the Commissioner, Chief Constable, Commissioner's CFO and Chief Constable's CFO, an annual audit plan that conforms to the CIPFA Code of Practice, for consideration by the Independent Audit Committee.

12. To present an annual report to the Independent Audit Committee, including an opinion on the effectiveness of the internal control environment within the Constabulary and the OPCC.

### Responsibilities of Chief Officers

13. To consider and respond promptly to control weaknesses, issues and recommendations in audit reports and ensure that all critical or significant agreed actions arising from the audit are carried out in accordance with the agreed action plan included in each report.

### Responsibilities of the Chief Constable's CFO

15. To notify the Commissioner's CFO immediately of any suspected fraud, theft, irregularity, improper use or misappropriation of police property or resources. Pending investigation and reporting, the Chief Constable should take all necessary steps to prevent further loss and to secure records and documentation against removal or alteration. Investigation of internal financial irregularities shall normally be carried out by the Professional Standards Department, who shall consult with the Head of Internal Audit as appropriate and keep him/her informed of progress. At the conclusion of the investigation the Head of Internal Audit shall review the case to identify any internal control weaknesses that allowed the financial irregularity to happen and shall make recommendations to ensure that the risk of recurrence is minimised. The operation of this Regulation shall be in accordance with the agreed protocol between the Chief Constable's Head of Professional Standards, the Commissioner's CFO, the Chief Constable's CFO and the Head of Internal Audit referred to in the Anti-Fraud and Anti Bribery Strategy and Fraud Response Plan set out in Section J.

### C3B - External Audit

#### Overview

1. Public Sector Audit Appointments Ltd are responsible for appointing external auditors to local and other authorities and to police forces and elected policing bodies (Commissioners). The Code of Audit Practice prescribes the way in which auditors appointed carry out their functions under the Local Audit and

Accountability Act 2014. The external auditor has rights of access to all documents and information necessary for audit purposes.

2. The basic duties of the external auditor are governed by the Local Audit and Accountability Act 2014 and the Local Government Act 1999. In particular, schedule 6 of the 2014 Act requires the Comptroller and Auditor General to prepare a code of audit practice, which external auditors follow when carrying out their duties. The code of audit practice sets out the auditor's objectives to review and report upon:
  - the financial aspects of the audited body's corporate governance arrangements;
  - the audited body's financial statements; and
  - aspects of the audited body's arrangements to secure Value for Money.
3. In auditing the annual accounts, the external auditor must satisfy themselves, in accordance with Section 5 of the 1998 Act, that:

  - they comply with the requirements of all other statutory provisions applicable to the accounts;
  - proper practices have been observed in the compilation of the accounts; and

3. To receive and respond to reports from other inspection bodies.

### C4 PREVENTING FRAUD AND BRIBERY

## SECTION E - EXTERNAL ARRANGEMENTS

### E1 EXTERNAL FUNDING

#### Overview

1. External funding can be a very important source of income, but funding conditions need to be carefully considered to ensure that they are compatible with the aims and objectives of the Commissioner and Chief Constable. Funds from external agencies provide additional resources to enable policing objectives to be delivered. However, in some instances, although the scope for external funding has increased, such funding is linked to tight specifications and may not be flexible enough to link to the Police and Crime Plan.
2. The main sources of such funding will tend to be specific Government grants, additional contributions from local authorities (e.g. for ANPR, CCTV and PCSOs) and donations from third parties (e.g. towards capital expenditure).

#### Responsibilities of Chief Officers

3. To pursue actively any opportunities for additional funding where this is considered to be in the interests of the aims and objectives of the Constabulary and Commissioner. In particular, funding conditions need to be carefully considered to ensure that they are compatible with those aims and objectives.

#### Joint Responsibilities of the Chief Constable and the Commissioner

4. To ensure that the match-funding requirements and exit strategies are considered prior to entering into the agreements and that future medium-term financial forecasts reflect these requirements.

#### Joint Responsibilities of the Commissioner's CFO and Chief Constable's CFO

5. To ensure that all funding notified by external bodies is received and properly accounted for, and that all claims for funds are made by the due date and that any audit requirements specified in the funding agreement are met.

#### Responsibilities of the Chief Constable

6. To ensure that funds are acquired only to meet policing needs and objectives.
7. To ensure that key conditions of funding and any statutory requirements are complied with and that the responsibilities of the accountable body are clearly understood.

8. To ensure that any conditions placed on the Commissioner and the Constabulary in relation to external funding are in accordance with the approved policies. If there is a conflict, this needs to be taken to the Commissioner for resolution.

## E2 WORKING FOR THIRD PARTIES

### Overview

1. The Constabulary provides services to other bodies outside of its normal obligations, for which charges are made e.g. training, special services. Arrangements should be in place to ensure that any risks associated with this work are minimised and that such work is not ultra vires.

### Responsibilities of the Chief Constable

2. To ensure that proposals for assistance are costed, that no contract is subsidised by the Constabulary or the OPCC and that, where possible, payment is received in advance of the delivery of the service so that the Constabulary and the OPCC are not put at risk from any liabilities such as bad debts.
3. To approve the contractual arrangements for any work for third parties or external bodies.
4. To ensure that appropriate insurance arrangements are in place.
5. To ensure that all contracts are properly documented.
6. To ensure that such contracts do not impact adversely on the services provided by the Constabulary and the OPCC.

### E3 JOINT WORKING ARRANGEMENTS

#### Overview

1. Public bodies are increasingly encouraged to provide seamless service delivery through working closely with other public bodies, local authorities, agencies and private service providers.
2. Joint working arrangements can take a number of different forms, each with its own governance arrangements. These can be grouped under the following headings:
  - Partnerships
  - Consortia
  - Collaboration
  - Commissioning of services
  - Regional Working.
3. Partners engaged in joint working arrangements have common responsibilities:
  - to act in good faith at all times and in the best interests of the partnership's aims and objectives;
  - to be willing to take on a role in the broader programme, appropriate to the skills and resources of the contributing organisation;
  - to be open about any conflicts that might arise;
  - to encourage joint working and promote the sharing of information, resources and skills;
  - to keep secure any information received as a result of partnership activities or duties that is of a confidential or commercially sensitive nature;
  - to promote the project the Constabulary and OPCC element of all joint working arrangements must comply with these Financial Regulations.
4. In all joint working arrangements, the following key principles must apply:
  - before entering into the agreement, a risk assessment has been prepared;
  - such agreements do not impact adversely upon the services provided by the Constabulary and the OPCC;
  - project appraisal is in place to assess the viability of the project in terms of resources, staffing and expertise;

- all arrangements are properly documented;
  - regular communication is held with other partners throughout the project in order to achieve the most successful outcome;
  - audit and control requirements are satisfied;
  - accounting and taxation requirements, particularly VAT, are understood fully and complied with;
  - an appropriate exit strategy has been produced.
5. The Constabulary and OPCC element of all joint working arrangements must comply with these Financial Regulations.

## E3A - Partnerships

### Overview

1. The term partnership refers to groups where members work together as equal partners with a shared vision for a geographic or themed policy area, and agree a strategy in which each partner contributes towards its delivery. A useful working definition of such a partnership is where the partners:
  - are otherwise independent bodies;
  - agree to co-operate to achieve a common goal; and
  - create an organisational structure or process and agreed programme, and share information , risks and rewards.
2. The number of partnerships, both locally and nationally, is expanding in response to Central Government requirements and local initiatives. This is in recognition of the fact that partnership working has the potential to:
  - comply with statutory requirements;
  - deliver strategic objectives; in new and better ways;
  - improve service quality and cost effectiveness;
  - ensure the best use of scarce resources; and access new resources;
  - deal with issues which cut across agency and geographic boundaries, and where mainstream programmes alone cannot address the need;
  - forge new relationships;
  - find new ways to share risk;
  - increase resilience.
3. Partnerships typically fall into three main categories i.e. statutory based, strategic, and ad-hoc.
  - a) Statutory - these are partnerships that are governed by statute. They include, for example, Community Safety Partnerships (CSPs) and Local Strategic Partnerships (LSPs).
  - b) Strategic - these are partnerships set up to deliver core policing objectives. They can either be force-wide or local.
  - c) Ad-hoc - these are typically locally based informal arrangements agreed by Area Commanders.

### Context

4. As set out in section 10 of the Police Reform and Social Responsibility Act 2011, the Commissioner, in exercising his/her functions, must have regard to the relevant priorities of each responsible authority. Subject to the constraints that may be placed on individual funding streams, Commissioners are free to pool funding as they and their local partners see fit. Commissioners can enter into any local contract for services, individually or collectively with other local partners, including non-police bodies.
5. When the Commissioner acts as a commissioner of services, he/she will need to agree the shared priorities and outcomes expected to be delivered through the contract or grant agreement with each provider. The Commissioner is able to make crime and disorder grants in support of local priorities. The inclusion of detailed grant conditions directing local authorities how to spend funding need not be the default option. The power to make crime and disorder grants with conditions is contained in section 9 of the Police Reform and Social Responsibility Act 2011. The power to contract for services is set out in paragraph 14 of Schedule 1 and paragraph 7 of Schedule 3 to the Police Reform and Social Responsibility Act 2011.

They must ensure that the risks have been fully appraised before agreements are entered into with external bodies.
13. To assist the Chief Executive/Chief of Staff to carry out the financial aspects of his responsibilities and in particular to budget and account for incoming funding and outgoing expenditure in accordance with accounting requirements.

#### Responsibilities of Chief Officers

## E3C - Collaboration

## Overview

1. Any collaboration which relates to the functions of a police force must first be agreed with the Chief Constable of each participating force. The Commissioner shall hold the Chief Constable to account for any collaboration in which the Constabulary is involved and must consider doing so in co-operation with the other Commissioners concerned. All collaborations should be covered by collaborative agreements.
2. Existing collaboration agreements made under the old section 23A of the 1996 Act will be transferred automatically to the Commissioner under the terms of paragraphs 5 and 21 of Schedule 15 to the 2011 Act.
3. The key controls for collaborations are set out below, all business cases must consider these aspects: -
  - a) to recognise the statutory context in which the proposed arrangement is to be established.
  - b) to identify the objectives the proposed arrangement is designed to achieve/fulfil.
  - c) to demonstrate how those objectives will support the vision set out in the Police and Crime Plan; and how the achievement of that vision will be promoted.
  - d) to identify and assess all known risks associated with the proposed arrangement and the extent to which those risks affect the viability of the proposals.
  - e) to identify and assess through a robust project appraisal process the viability of the proposals in terms of resources, staffing and expertise and prepare an exit strategy.

- f) to identify and assess the contractual, legal and financial frameworks of the proposed arrangement and to ensure that those arrangements comply with the Commissioner's Financial Regulations.
- g) to identify and agree with other partners the roles and responsibilities of each of the other partners involved in the proposals and the lines of accountability from the proposed arrangement to the Commissioner, to the Constabulary and to other partners.
- h) to be satisfied that other partners have carried out similar assessments for their own purposes, so far as practicable, of the matters referred to above.
- i) to ensure that the proposed arrangement and its operation will not affect adversely any of the services provided by or for the Commissioner and Constabulary.

Some collaboration are covered by Section 24 of the 1996 Police Act. These do not require the formal approval of the Commissioner. Where collaboration is covered by Section 24 this will be agreed with the Chief Executive/Chief of Staff of the Commissioner.

For each new collaborative arrangement the CCCFO will be responsible for formally agreeing the lead partner for regulatory framework purposes. Where the lead partner is agreed, that lead partner Commissioner's Financial and Contract Regulations will apply as will the lead partner Chief Constable's Scheme of Delegation. Section 7 of the Addendum covers the governance arrangements for Bedfordshire, Cambridgeshire and Hertfordshire Collaboration.

#### Responsibility of the Commissioner

4. To approve any collaboration in consultation with the Chief Constable and upon advice of their CFO, ensuring that by doing so, it will support the objectives as set out in the Police and Crime Plan.
5. The Commissioners shall jointly and severally hold their Chief Constables to account for any collaboration in which their force is involved.

## E3D - Commissioning of Services

### Overview

1. Under Section 10 of the Police Reform and Social Responsibility Act 2011, the Commissioner is given the responsibility for co-operative working. This allows, within the constraints of the relevant funding streams, the Commissioner to pool funding as they and their local partners deem appropriate. The Commissioner can commission services or award grants to organisations or bodies that they consider will support their community safety priorities in accordance with their Police and Crime Plan. They may do this individually or collectively with other local partners including non-policing bodies. The Commissioner must have regard to the relevant priorities of each responsible authority.
2. When the Commissioner commissions services, agreement is required on the shared priorities and outcomes expected to be delivered through the contract or grant agreement with each provider. Ring-fenced provision of crime and disorder grants is allowed in support of local priorities. The inclusion of detailed grant conditions directing local authorities how to spend funding need not be the default option. The power to make crime and disorder grants with conditions is contained in section 9 of the Police Reform and Social Responsibility Act 2011. The power to contract for services is set out in paragraph 14 of Schedule 1 and paragraph 7 of Schedule 3 to the Police Reform and Social Responsibility Act 2011.
3. It is important to ensure that risk management and project appraisals are in place to assess the viability – both on initiation and on an on-going basis – of all external arrangements and an exit strategy is prepared.

9. To award crime and disorder grants backed by agreed grant conditions and outcomes.

#### Responsibilities of the Chief Executive/Chief of Staff

10. To develop a commissioning framework that will support the objectives as set out in the Police and Crime Plan. The framework should encourage a mixed economy of provider options and where necessary develop a specific Commissioner's Compact Agreement with the Voluntary Sector.
11. To develop financial framework as part of the wider Commissioning framework with approved authorisation levels.
12. To keep under review the performance and outcomes of any investments agreed by the Commissioner in respect of partnership activity.
13. Ensure financial expenditure does not exceed the budgeted level to achieve the objectives set out in the Police and Crime Plan where services are commissioned within community initiatives.
14. In consultation with the Commissioner's CFO, agree up to £10,000 expenditure for initiatives in line with the Commissioner's aims and objectives. If in excess of £10,000 Commissioner approval is required.

### 3. COMPETITIVE PROCUREMENT

- 3.1. For goods, works or services the acceptance of quotations and bids will be based on the principle of best overall value for money, i.e. the most economically advantageous offer.
- 3.2. The estimated value of a contract shall be the total value of the contract inclusive of VAT (“the Total Value”). This is the total consideration estimated to be payable over the full term of the contract which shall include any option to extend the term under the Contract. If the full term is unknown, then the Total Value should be based on forty-eight (48) months. Requirements must not be disaggregated in order to avoid competitive procurement under any circumstances.
- 3.3. The tables at 3.8 and 3.12 describe the procedure and authority levels dependent on the estimated value of the total procurement, (not an individual Force value). A high-level overview of the tender/award governance flow-chart, above and below £1million, is detailed in Appendix 1.
- 3.4. Criteria for the award of contracts shall be recorded in advance of the invitation to tender and strictly observed by Officers evaluating the bids. The criteria cannot be altered once the tender is advertised. The standard approach for evaluation will be the most advantageous criteria and take into account whole life costs. Where award is based solely on price, and usually only for commodities, then this will be agreed in advance by 7 Force Commercial Services.

- 3.5. For Procurements over £60,000 the weightings will be determined by 7 Force Commercial Services using its professional expertise and in consultation with participating organisations and lead officers. For quotations under £60,000 evaluation models used to select the successful bidder shall generally be weighted such that the overall percentage score allocated to cost is not less than 50%. Any changes are to be recorded for audit purposes. Further advice can be sought from 7 Force Commercial Services.
  
- 3.6. The evaluation of bids must be objective, systematic, thorough and fair. Decision makers should be aware that the records of the decision-making process may be subject to scrutiny at a later date. A minimum of three Officers shall be involved in the evaluation of tenders and all evaluators will be required to complete a declaration of impartiality.
  
- 3.7. If there is already a corporate contract in place for the goods, works or services required, it is mandatory to use it. Additional procurements for alternative contracts will not be approved or resourced. A full list of current corporate contracts can be found on 7F Commercial Services intranet site. Please contact 7 Force Commercial Services if further information is required.

## 5. EXCEPTIONS TO NORMAL PROCEDURES/SINGLE TENDER ACTION

### 5.1. Exceptions

5.1.1. Tenders are not required in the following circumstances:

- 5.1.1.1. purchases through government agency or other consortium or similar body where legally entitled to do so and in accordance with the approved purchasing methods of such a consortium or body; or
- 5.1.1.2. purchases at public auctions; or
- 5.1.1.3. internal PCC, PFCC or Constabulary business where one part of the PCC, PFCC or Constabulary provides a service to the other; or
- 5.1.1.4. for works (emergency property repairs) up to £60,000 where no corporate contract exists and are commissioned by the Estates Department of the relevant force for urgent requirements not covered by existing contracts.

### 5.2 Single Tender Action (STA) for Requirements over £60,000

5.2.1 STA under £60,000 shall be subject to approval locally by officers with relevant authority in accordance with financial instructions. A full local audit trail shall be maintained.

5.2.2 STA over £60,000 should only be used in exceptional circumstances. Tier 1 or 2 commercial staff must endorse the route to market prior to seeking permission to commence activity. Legal advice may be obtained if the procurement value is over the higher UK threshold and to clarify our exemption from/compliance with the Public Contracts Regulations 2015. The PCC CFOs or CC CFOs or their delegated authorities may approve requests for exceptions to normal procedures under the following circumstances:

5.2.2.1 where it can be evidenced that only one supplier is able to carry out the work or service or to supply goods for technical reasons or because of exclusive rights;

5.2.2.2 the contract has been classified as secret by the CC CFOs making the use of a particular contractor essential or a limited competition to a select list of contractors and the avoidance of advertising requirements in the public domain;

5.2.2.3 the contract is required so urgently that competition is impracticable, e.g. when an operational need arises which requires immediate action. However, failure to take action within appropriate timescales due to poor planning does not constitute grounds for an urgency exception.

5.2.3 Where, for any reason not covered by para 5.2.2, an exception is still sought to be made, then the PCC or CC CFOs may approve the exception. Post activity exception will only be granted for operationally imperative, or other emergency situations.

5.2.4 7 Force Commercial Services must report quarterly to the CEB any Single Tender Actions not dealt with locally or under Reserved Matters.

- 6.3 The Procurement Policy and Procedures will set out arrangements for the recording and retention of information in relation to procurement activity.
- 6.4 The Procurement Policy will also detail the arrangements for reporting procurement activity to meet the requirements of the PCCs, the PFCC(s) and Constabularies together with addressing the need to publish information in accordance with Government requirements.

6.5 Contents of the Policy will be agreed by the PCC CFOs and CC CFOs.

Above £1,000,000	All of the collaborating PCCs/PFCCs will be signatories to the contract, meaning that they each have joint and several liability to enforce the terms of the contract against the supplier (and joint and several liability to have the terms enforced against them by the supplier, if applicable). (This period is extended to the next working day when the final day falls on a non-working day). Where a Framework Agreement is used and if expediency is required, this requirement can be removed if authorised by a Tier 1 or Tier 2 member of the function.

2. The Commissioner's CFO and the Chief Constable's CFO have responsibility under section 114 of the Local Government Finance Act 1998 to make a report if it appears to either of them that any person holding any office or employee or member of any collaborative body on which the Commissioner or the Constabulary is represented:
  - has made, or is about to make a decision which involved or would involve the Commissioner or the Chief Constable incurring expenditure which is unlawful;
  - has taken or is about to take a course of action which, if pursued to its conclusion, would be unlawful and likely to cause a loss or deficiency on the part of the Commissioner or the Chief Constable; and
  - is about to enter an item on account, the entry of which is unlawful.
3. It is also the duty of the Chief Executive/Chief of Staff and Monitoring Officer to prepare a report for the Commissioner with respect to any proposal, decision or omission by any person holding any office or employment which may contravene any enactment, rule of law or code of practice or any maladministration or injustice as defined. To provide for effective action to deal with any fraud and bribery and to assist the Commissioner's CFO and the Chief Constable's CFO in the performance of their duties to ensure the financial affairs of the Constabulary and the Commissioner are properly conducted, the following procedures will be adhered to in the circumstances of any suspected or actual breach of financial regulations or standing orders.

## SECTION J - ANTI FRAUD AND ANTI BRIBERY STRATEGY

### Introduction

1. This statement has been prepared in response to the recommendations contained in the Audit Commission document "Protecting the Public Purse – Ensuring Financial Probity in Local Government 2001 Update, Promoting Good Governance."
2. The Commissioner does not tolerate fraud or bribery and has the intention to eliminate fraud and bribery as far as practically possible. The main aim of this policy is to protect the property and finance of the Commissioner.
3. In administering their responsibilities in relation to fraud, both the Commissioner and Chief Constable are committed to an effective Anti-Fraud and Anti-Bribery Strategy designed to:
  - Encourage prevention;
  - Promote detection; and
  - Identify a clear pathway for investigation.
4. The Commissioner will take all necessary steps to counter fraud and bribery in accordance with this policy.
5. The expectation regarding propriety and accountability is that the Commissioner, the Chief Constable and staff at all levels will lead by example in ensuring adherence to rules, and that all procedures and practices will be above reproach.
6. The Commissioner and the Chief Constable also require individuals and organisations with whom they come into contact to act with integrity.
7. This policy relates to all forms of fraud and bribery and is intended to provide direction and help to employees who may identify suspected fraud. It provides a framework for responding to suspicions of fraud, advice and information on various aspects of fraud and implications of an investigation. It is not intended to provide a comprehensive approach to preventing and detecting fraud. The overall aims of this policy are to:
  - Improve the knowledge and understanding of everyone in the Office of the Police and Crime Commissioner, irrespective of their position, about

the risk of fraud and bribery within the organisation and its unacceptability;

- Assist in promoting a climate of openness and a culture and environment where staff feel able to raise concerns sensibly and responsibly;
- Sets out the Commissioner's responsibilities in terms of deterrence, prevention, detection and investigation of fraud and bribery.
- Ensure the appropriate sanctions are considered following an investigation, which may include any or all of the following:
  - Criminal prosecution
  - Civil prosecution
  - Internal/external disciplinary action.

8. The Commissioner and the Chief Constable are also aware of the high degree of external scrutiny of their affairs by a variety of bodies including: -

- Her Majesty's Inspector of Constabulary and Fire & Rescue Services
- Internal and External Audit
- HM Revenue and Customs
- The General Public
- Information Commissioner's Office

9. This Policy applies to all employees of the Commissioner, regardless of position held as well as consultants, vendors, contractors, service users, committee members and/or any other parties who have a business relationship with the Commissioner.

#### Culture

10. The Commissioner and the Chief Constable are determined that the culture and tone of their organisations are honesty and opposition to fraud and bribery. They are absolutely committed to maintaining an honest, open and well-intentioned atmosphere within the Office of the Police and Crime Commissioner, so as to best fulfil the objectives of the Commissioner. They are therefore also committed to the elimination of fraud and bribery within the Office of the Police and Crime Commissioner, to the rigorous investigation of any such allegations and to taking appropriate action against wrongdoers, including possible criminal prosecution,

as well as taking steps to recover any assets lost as a result of fraud and/or bribery.

11. There is an expectation and requirement that all individuals and organisations associated in whatever way with the Constabulary and the Commissioner will act with integrity, and that the Commissioner and the Chief Constable and staff at all levels will lead by example in these matters.
12. All staff are positively encouraged, and expected, to raise any concerns that they may have. Concerns may be about something that:
  - Is unlawful
  - Is contrary to Financial Regulations or policies
  - Falls below established standards or practices
  - Results in waste or loss
  - Amounts to improper conduct.
13. Staff can do this in the knowledge that such concerns will be treated in confidence, properly investigated and without fear of reprisal and victimisation. If necessary, a route other than their normal line manager may be used to raise such issues. Examples of such routes are:
  - The Commissioner's CFO (Bedfordshire: 01234 846984, Cambs: 0300 333 3456, Herts: 01707 806159)
  - The Chief Constable's CFO (Bedfordshire: 01234 846984, Cambs: 01480 422230, Herts: 01707 354505)
  - Head of Internal Audit (01908 687800)
  - Professional Standards Confidential Reporting Line (0800 917 2050)
  - Protect, Speak up, stop harm (formerly Public Concern at Work); Independent charity offering free advice on fraud or other issues of malpractice (020 3117 2520)
14. The Public Interest Disclosure Act 1988 protects employees who report suspected fraud or bribery activities from any reprisals as long as they meet the rules set out in the Act.
15. In simple terms the rules for making a protected disclosure are: -
  - The information disclosed is made in good faith.

- The person making the disclosure must believe it to be substantially true.
  - The person making the disclosure must not act maliciously or make false allegations.
  - The person making the allegation must not be seeking any personal gain.
  - The designated officer required under the Act to receive disclosures is the Commissioner's CFO.
16. Members of the public are also encouraged to report concerns through any of the above avenues.
17. Allegations/concerns can be made anonymously; however, it should be noted that such cases can be more difficult to investigate. The likelihood of action will depend on:
- The seriousness of issues raised;
  - Credibility of the concern;
  - Likelihood of confirming the allegation from attributable sources.
18. Senior management is responsible for following up any allegation of fraud or bribery received and will do so by:
- dealing promptly with the matter;
  - recording all evidence received;
  - ensuring that evidence is sound and adequately supported;
  - ensuring security of all evidence collected;
  - notifying the Commissioner's CFO, and implementing disciplinary procedures where appropriate.
19. Bribery of any kind is absolutely prohibited. This means that you will not offer, promise, reward in anyway or give a financial or other advantage to any person in order to induce that person to perform his/her function or activities improperly. It does not matter whether the other person is a UK or foreign public official, political candidate, party official, private individual, private or public sector employee or any other person (including creating the appearance of an effort to improperly influence another person).
20. Off-the-book accounts and false or deceptive book-keeping entries are strictly prohibited. All gifts, payments or any other contribution made under the Anti-

Fraud and Bribery Strategy, whether in cash or in kind, shall be documented, regularly reviewed and properly accounted for on the books of the Commissioner. Record retention and archival policy must be consistent with the Commissioner's and the Chief Constable's accounting standards, tax and other applicable laws and regulations.

21. The Commissioner procures goods and services ethically and transparently with the quality, price and value for money determining the successful supplier/contractor, not by receiving (or offering) improper benefits. The Commissioner will not engage in any form of bribery, neither in the UK nor abroad. The Commissioner and all staff members, independent of their position, shall at all times comply with the Bribery Act 2010 and with this Strategy.
22. The Commissioner may, in certain circumstances, be held responsible for acts of bribery committed by intermediaries acting on its behalf such as subsidiaries, clients, business partners, contractors, suppliers, agents, advisors, consultants or other third parties. The use of intermediaries for the purpose of committing bribery is prohibited.
23. All intermediaries shall be selected with care, and all agreements with intermediaries shall be concluded under terms that are in line with this policy. The Commissioner will contractually require its agents and other intermediaries to comply with the Anti-Fraud and Bribery Strategy and to keep proper books and records available for inspection by the Commissioner, auditors or investigating authorities. Agreements with agents and other intermediaries shall at all times provide for the necessary contractual mechanisms to enforce compliance with the anti-bribery regime. The Commissioner will monitor performance and, in case of non-compliance, require the correction of deficiencies, apply sanctions, or eventually terminate the agreement even if this may result in a loss of business.
24. Where the Commissioner is engaged in commercial activity (irrespective as to what happens to the profit) it could be considered guilty of a corporate bribery offence if an employee, agent, subsidiary or any other person acting on its behalf bribes another person intending to obtain or retain business or an advantage in the conduct of business for the Commissioner and it cannot demonstrate that it

has adequate procedures in place to prevent such. The Commissioner does not tolerate any bribery on its behalf, even if this might result in a loss of business for it. Criminal liability must be prevented at all times.

#### Definitions

25. Fraud – any person who dishonestly makes a false representation to make a gain for himself/herself or another or dishonestly fails to disclose to another person, information which he/she is under a legal duty to disclose, or commits fraud by abuse of position, including any offence as detailed in the Fraud Act 2006.
26. Bribery – a bribe is offering, promising, or giving a financial, or otherwise, advantage to another person with the intention of bringing about improper performance or reward. The Bribery Act 2010 also states that a person is guilty of an offence if they request, agree to receive, or accept a financial or other advantage intending that a relevant function or activity should be performed improperly by them or another. It further states that offering or agreeing to accept a bribe is an offence even if no money or goods have been exchanged.
27. Facilitation Payments – Facilitation payments are small amounts made to secure or expedite the performance of a routine action, typically by a government official or agency (e.g. issuing licenses or permits, installation of a telephone line, progressing goods through customs, etc.) to which the payer (or the company) has legal or other entitlement.
28. Facilitation payments are prohibited under the Bribery Act 2010 like any form of bribe. They shall not be given by the Commissioner's employees in the UK or any other country.

#### Public Service Values

- High standards of corporate and personal conduct; these three fundamental public service values are:
- Accountability – Everything done by those that in the Commissioners name must be able to stand the test of parliamentary scrutiny, public judgements on property and professional codes of conduct;
- Probity – Absolute honesty and integrity should be exercised in all dealings;

- Openness – The Commissioner’s actions should be sufficiently public and transparent to promote confidence between the Commissioner and the public.

#### Nolan Principles

29. In addition, all those working for or who are in contact with the Commissioner should exercise the following principles when undertaking their duties:

- Selflessness - ...should take decisions solely in terms of the public interest. They should not do so in order to gain financial or other material benefits for themselves, their family or their friends.
- Integrity - ...should not place themselves under any financial or obligation to outside individuals or organisations that might influence them in performance of their official duties.
- Objectivity - ...should, in carrying out public business, (including making public appointments, awarding contracts or recommending individuals for reward or benefits), make choices on merit.
- Accountability - ...are accountable for their decisions and actions to the public and must submit them to whatever scrutiny is appropriate to their office.
- Openness - ...should be as open as possible about all the decisions and actions that they take. They should give reasons for their decisions and restrict information only when the wider public interest demands.
- Honesty - ...have a duty to declare any private interests relating to their public duties and to take steps to resolve any conflicts arising in a way that protects the public interest.
- Leadership - ...should promote and support these principles by leadership and example.

30. These standards are national benchmarks that inform our local policies and procedures. The arrangements made in this policy have been designed to ensure compliance with the national standards.

#### Prevention

31. The Commissioner and the Chief Constable recognise that a key preventative measure in the fight against fraud and bribery is to take effective steps at the

recruitment stage to establish, as far as possible, the previous record of potential staff in terms of their propriety and integrity. Staff recruitment is therefore required to be in accordance with procedures laid down by the Chief Executive/Chief of Staff and Chief Constable and in particular to obtain written references regarding known honesty and integrity of potential staff before employment offers are made.

32. All employees are expected to follow any Code of Conduct related to their personal professional qualifications and also to abide by the published Rules of Conduct. This code and the role that appropriate staff are expected to play in the Corporate Governance Framework and systems of internal control will be featured in staff induction procedures.
33. The Commissioner and Deputy Commissioner are required to adhere to the Code of Conduct relating to the declarations of interests. Staff are also required to declare pecuniary interests. This should be done on an annual basis as a minimum and whenever a pecuniary interest should change for a staff member. The duty is on the staff member to inform the Commissioner of any such changes.
34. The Commissioner, Chief Constable and all staff are required to declare in a public register any offers of gifts or hospitality which are in any way related to the performance of their duties.
35. All offers of gifts and hospitality should be recorded, even if the item was declined. All items over the value of £20 should be politely refused and handed back to the offeror.
36. Significant emphasis has been placed on the thorough documentation of financial systems, and every effort is made to continually review and develop these systems in line with best practice to ensure efficient and effective internal controls. The adequacy and appropriateness of the Constabulary and the Office of the Police and Crime Commissioner's financial systems is independently monitored by both Internal Audit and External Audit. Senior management place great weight on being responsive to audit recommendations.

37. The Joint Audit Committee provides an independent and objective view of internal control by receiving and considering audit plans, reports and management letters and reports as appropriate to the Commissioner.
38. As part of the prevention approach the Commissioner and the Chief Constable will participate in National Fraud Initiatives organised by the Cabinet Office. The National Audit Office and External Audit will also assist in prevention with the issue of warning bulletins and outcomes from surveys on fraud and bribery.

#### Gifts and Hospitality

39. Courtesy gifts and hospitality must not be given or received in return for services provided or to obtain or retain business but shall be handled openly and unconditionally as a gesture of esteem and goodwill only. Gifts and hospitality shall always be of symbolic value, appropriate and proportionate in the circumstances, and consistent with local customs and practices. They shall not be made in cash. All offers of gifts and hospitality should be recorded, even if the item was declined.
40. Please refer to the Commissioner's/Constabulary Gifts and Hospitality policy and register for more guidance.

#### Political and Charitable Contributions

41. The Commissioner does not make any contributions to politicians, political parties or election campaigns from public funds. Any such contributions are made in a personal capacity.
42. As a responsible member of society, the Commissioner may make charitable donations. However, these payments shall not be provided to any organisation upon suggestion of any person of the public or private sector in order to induce that person to perform improperly the function or activities which he or she is expected to perform in good faith, impartially or in a position of trust or to reward that person for the improper performance of such function or activities.
43. Any donations and contributions must be ethical and transparent. The recipient's identity and planned use of the donation must be clear, and the reason and purpose for the donation must be justifiable and documented. All charitable donations will be publicly disclosed.

44. Donations to individuals and for-profit organisations and donations paid to private accounts are incompatible with the Commissioner's ethical standards and are prohibited.

#### Sponsoring

45. Sponsoring means any contribution in money or in kind by the Commissioner towards an event organised by a third party in return for the opportunity to raise the Commissioner's profile. All sponsoring contributions must be transparent, pursuant to a written agreement, for legitimate business purposes, and proportionate to the consideration offered by the event host. They may not be made towards events organised by individuals or organisations that have goals incompatible with the Commissioner's ethical standards or that would damage the Commissioner's reputation. All sponsorships will be publicly disclosed.
46. Where commercial sponsorship is used to fund Commissioners training events, training materials and general meetings, the sponsorship must be transparent, pursuant to a written agreement, for legitimate business purposes, and proportionate to the occasion. Where meetings are sponsored by external sources, that fact must be disclosed in the papers relating to the meeting and in any published minutes/proceedings.
47. Where sponsorship links to the development of guidelines and advice, this should be carried out in consultation with the Chief Constable and the Commissioner in conjunction with the appropriate OPCC working group independent of the sponsors. While it is recognised that consultation with the industry may be necessary when developing a guideline, the overall decision on what is included should lie with the OPCC working group.

#### Detection and Investigation

48. The array of preventative systems, particularly internal control systems within the Constabulary and the OPCC, have been designed to provide indicators of any fraudulent activity.
49. However, it is often the alertness of staff and the public to such indicators that enables detection to occur and the appropriate action to take place when there is evidence that fraud or bribery may be in progress.
50. Pro-active reviews will be undertaken of overtime, expense claims and

s to ensure that the systems in place within the OPCC are robust and the measures in place are successful in mitigating against the risk of both fraud and bribery.

51. Many frauds are discovered by 'whistle-blowing', and arrangements are in place to enable such information to be properly dealt with.
52. All allegations of fraud and bribery will always be quickly and professionally investigated by trained individuals. The investigators will keep the Commissioner regularly informed of all progress and outcomes and will consult with the Chief Constable regarding any potential sanction that shall be applied.
53. Depending on the nature and anticipated extent of the allegations, Internal Audit will normally work closely with management and other agencies such as the police to ensure that all allegations and evidence is properly investigated and reported upon.
54. The Constabulary and the Commissioner's Disciplinary Procedures will be used where the outcome of the audit investigation indicates improper behaviour.
55. All investigations will be brought to the attention of the Chief Constable, Commissioner and the Audit Committee with regular reviews being undertaken.
56. The Commissioner and the Chief Constable will normally wish the police to prepare a case for the CPS regarding the prosecution of offenders where financial impropriety is discovered.

#### Training

57. The Commissioner and the Chief Constable recognise that the continuing success of its Anti-Fraud and Anti-Bribery Strategy and its general credibility will depend largely on the effectiveness of programmed training and responsiveness of staff throughout the organisation.
58. To facilitate this, the Commissioner and the Chief Constable support the concept of induction and training particularly for staff involved in internal control systems to ensure that their responsibilities and duties in this respect are regularly highlighted and reinforced.

59. The Commissioner and the Chief Constable will issue a public statement highlighting the Commissioner's zero tolerance approach to both fraud and bribery.
60. The possibility of disciplinary action against staff who ignore such training and guidance is clear.

#### Recovery of Losses Incurred to Fraud and Bribery

61. The seeking of financial redress or recovery of losses should always be considered in cases of fraud and bribery that are investigated where a loss is identified. As a general rule, recovery of the loss caused by the perpetrator should always be sought. The decisions must be taken in the light of the particular circumstance of each case.
62. Redress allows resources that are lost to fraud to be returned to the Commissioner for use as intended.
63. To summarise, local action can be taken to recover money by using the administrative procedures of the Commissioner or the civil law.
64. In cases of serious fraud and bribery, it is recommended that parallel sanctions are applied. For example; disciplinary action relating to the status of staff member in the OPCC; use of civil law to recover lost funds and use of criminal law to apply an appropriate criminal penalty upon the individual(s), and/or a possible referral of information and evidence to external bodies.
65. The Commissioner may also apply to the courts to make a restraining order or confiscation order under the Proceeds of Crime Act 2002 (POCA). This means that a person's money is taken away from them if it is believed that the person benefited from the crime. It could also include restraining assets during the course of the investigation.
66. Actions that may be taken when considering seeking redress include:
  - No further action
  - Criminal investigation
  - Civil recovery
  - Disciplinary action
  - Confiscation order under POCA

- Recovery sought from on-going salary payments or pensions.
67. Criminal investigations are primarily used for dealing with any criminal activity. The main purpose is to determine if activity was undertaken with criminal intent. Following such an investigation, it may be necessary to bring this activity to the attention of the criminal courts (Magistrates' Court and Crown Court). Depending on the extent of the loss and the proceedings in the case, it may be suitable for the recovery of losses to be considered under POCA.
  68. The civil recovery route is also available to the Commissioner if this is cost effective and desirable for deterrence purposes. This could involve a number of options such as applying through the Small Claims Court and/or recovery through debt collection agencies.
  69. The appropriate Senior Officer, in conjunction with the HR department, will be responsible for initiating any necessary disciplinary action. Arrangements may be made to recover losses via payroll if the subject is still employed with the Commissioner; in all cases, current legislation must be complied with.
  70. Action to recover losses will be commenced as soon as practicable after the loss has been identified. Given the various options open to the Commissioner, it may be necessary for various departments to liaise about the most appropriate option.
  71. In order to provide assurance that policies were adhered to, the Commissioner will maintain a record highlighting when recovery action was required and issued and when the action was taken. This will be reviewed and updated on a regular basis.

#### Conclusion

72. The Commissioner and the Chief Constable have in place clear networks of systems and procedures to assist them in the fight against fraud and bribery. It is determined that these arrangements will keep pace with any future developments in both preventative and detection techniques regarding fraudulent or corrupt activity that may affect its operation.
73. To this end, a continuous overview of such arrangements is required, in particular, by the Commissioner's CFO, through the Head of Audit and External Auditor and in Constabulary via the Finance Unit and Professional Standards.

## FRAUD RESPONSE PLAN

74. All instances of fraud and bribery will be investigated in accordance with this plan effectively and by professionally trained investigators.
75. Fraud and Bribery may be reported through a range of channels. The means of reporting fraud will be publicised within the Constabulary and the OPCC and will be made known to partners and those individuals and organisations with whom we come into contact.
76. The arrangements for detection and investigation are set out in the Anti-Fraud and Anti-Bribery Strategy. A protocol between the Commissioner's CFO, the Chief Constable's CFO, the Head of Internal Audit and the Head of Professional Standards has been agreed to ensure that loss and potential fraud is fully investigated and dealt with correctly.
77. The protocol requires the Professional Standards Department to liaise with the Head of Internal Audit. This will enable Internal Audit to identify any weaknesses in internal control that allowed the irregularity to occur and to ensure that corrective action is taken in order to minimise the risk of any reoccurrence.
78. Disciplinary procedures are likely to be invoked where the outcome of any investigation indicates misconduct. Proven cases of gross misconduct may result in dismissal of the employee. Gross misconduct includes fraud and bribery committed by a member of staff against the organisation.
79. Where financial impropriety is discovered the presumption of the Commissioner and the Chief Constable is that arrangements will be made where appropriate for the prosecution of offenders by the CPS.
80. In instances where the misconduct takes another form such as the misuse of systems and equipment that does not result in financial loss then the outcomes will be monitored by the Commissioner and the Chief Constable through the processes in place to oversee Human Resources issues.
81. All investigations will be closely monitored and feedback will be given where appropriate.

82. The Commissioner and the Chief Constable will seek to ensure that they learn lessons from any mistakes made that allowed any instances of fraud or bribery to be perpetrated or to have gone unnoticed. This will be achieved by ensuring that system weaknesses or other contributory factors are identified and addressed. This will normally be achieved through an Internal Audit investigation, report and action plan to ensure that audit recommendations are implemented.
83. The External Auditor also has the powers to investigate fraud and bribery independently and the Commissioner and the Chief Constable will make use of these services in appropriate cases.
84. The Commissioner's CFO and the Chief Constable's CFO will determine if a matter needs to be brought to the attention of the Chief Executive/Chief of Staff, Commissioner and the Chief Constable.
85. In the event that the Commissioner or the Chief Constable is involved the matter will be brought to the attention of the Monitoring Officer.
86. The Commissioner's CFO, the Chief Constable's CFO and the Head of Internal Audit will maintain a link with the External Auditor in order to keep him/her updated in serious cases.

### INTEGRITY

Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might seek to influence them in the performance of their official duties.

### OBJECTIVITY

In carrying out public business, including making public appointments, awarding contracts, or recommending individuals for rewards and benefits, holders of public office should make choices on merit.

### ACCOUNTABILITY

Holders of public office are accountable for their decisions and actions to the public and must submit themselves to whatever scrutiny is appropriate to their office.

- 1B Principles of Governance & Accountability
- 1C Governance & Scrutiny Framework

#### SECTION 2: INFORMATION SHARING

- 2A Sharing with each other
- 2B Sharing with others

#### SECTION 3: SHARED SERVICES (PCC AND CC)

#### SECTION 4: HOLDING TO ACCOUNT

## SECTION 1: INTRODUCTION

### 1A BACKGROUND

- 1 The Commissioner and the Chief Constable believe that a joint understanding of and respect for each other's roles is a key factor in effective governance and scrutiny activity and have agreed a joint working protocol in the best interests of the communities they serve. This section sets out the operating model for day to day working arrangements.
- 2 The establishment and maintenance of effective working relationships will be fundamental to ensure that goodwill, professionalism, openness and trust will underpin the relationship, which will be one of mutual support, given that both parties share the same aim of reducing crime and enhancing the safety of the public acknowledging that the PCC and the Chief Constable have different constitutional responsibilities, their own distinct functions and provide different services.

### 1B PRINCIPLES OF GOVERNANCE AND ACCOUNTABILITY

1. The following principles will be applied:
  - The governance process will be dynamic, risk based and driven by the agreed priorities set out in the Police and Crime Plan;
  - The Commissioner and his office will always be mindful of their role in carrying out scrutiny activity and in particular respecting the operational independence of the Constabulary;
  - The processes will not be overly-bureaucratic or burdensome but driven by the principle of having the right evidence in the right format at the right time to inform decision-making and that an appropriate level of planning and governance is needed to ensure all areas of business are covered;
  - There will be a shared commitment to transparency and making information publicly available wherever possible.

### 1C GOVERNANCE AND SCRUTINY FRAMEWORK

1. Governance and scrutiny will be dynamic and risk based as above. The Chief Constable has day to day responsibility for managing budgets and issues

related to the Constabulary, and whilst the Commissioner has ultimate accountability to the public, the Commissioner and Chief Constable share a responsibility to provide effective management and to secure value for money.

2. Whilst some decisions are fully delegated, others of significance will require consideration of professional advice, consultation and discussion. A Board and meeting structure have been established to ensure that appropriate engagement supports the decision-making processes.

---

## SECTION 2: INFORMATION SHARING

1. The Commissioner and the Chief Constable have responsibilities to provide information to each other but they also have a duty to provide information about police and crime matters to the public.
2. The sharing of information will be critical in ensuring that each party are able to discharge their duties effectively, whilst maintaining the law of the land.

### 2A SHARING INFORMATION WITH EACH OTHER

1. Sharing Information where the Police and Crime Commissioner is not the 'Data Controller'.
2. The Chief Constable retains responsibility for operational matters; therefore, where the information requested relates to operational policing, the responsibility for the handling of the information under the provisions of the General Data Protection Regulation (GDPR) lies with the Chief Constable. The decision-making process in respect of handling of information which is operational, will be that of the Chief Constable alone. In these circumstances where a member of public requests information to the Commissioner's Office that is held about themselves they will be advised that they should make their request directly to the Constabulary. The Commissioner's office will not offer to obtain the information on their behalf.

### 2B SHARING INFORMATION WITH OTHERS

#### The Freedom of Information (FOI) Act 2000

1. This Act gives a general right of access to all types of recorded information held by public authorities. Any person who makes a request to the Police and Crime Commissioner's office for information shall be advised whether the Police and Crime Commissioner holds the information. If they do not then the person should be advised to apply to the Constabulary for the information. The Commissioner's office should not offer to obtain the information on their behalf.

#### Office of the Police and Crime Commissioner Publication Scheme

The Freedom of Information Act requires the Office of the Police and Crime Commissioner to establish and maintain a publication scheme, designed to inform members of the public about information published about Office of Police and Crime

#### Constabulary Publication Scheme

1. The Freedom of Information Act requires Police forces to establish and maintain a publication scheme, designed to inform members of the public about information published about their respective force.

2. The intention is that wherever possible, the Force will proactively publish information that the public have an interest in viewing, to develop a greater culture of openness. The publication scheme is organised into the following headings:

## SECTION 4: HOLDING TO ACCOUNT

1. The public accountability for the delivery and performance of the police service is placed into the hands of the Police and Crime Commissioner. The Police and Crime Commissioner draws on their mandate to set and shape the strategic objectives of their Force area in consultation with the Chief Constable.
2. The Chief Constable is accountable to the Police and Crime Commissioner in delivering against the policing objectives in the Police and Crime Plan.
3. A review of performance against the Police and Crime Plan will be undertaken at the end of each financial quarter. This review will identify areas which are on line to achieve the established targets and will also identify those areas where the target is not being met.
4. For Bedfordshire and Hertfordshire only, the Police and Crime Commissioner or his/her deputy or members of the Commissioner's office will attend the Constabulary Strategic Performance Board meetings, where a substantive review of performance will be provided. This is an 'in force' accountability mechanism. The PCC team are welcome to attend and to seek clarity and ask questions but the PCC holds the CC to account for force performance.
5. Performance information will be presented at the appropriate Board in which the Police and Crime Commissioner holds the Chief Constable to account, where any emerging issues will be subject to scrutiny. At the request of the Chief Constable, officers or staff from the Constabulary may be required to attend the performance meeting to provide specific performance detail.
