Priority Four

Placing residents and victims at centre of policing priorities.

The PCC has requested information from the Force on a monthly basis surrounding Victim Satisfaction and how the Force deals with this and monitors this.

The force is developing its IT solution to automated victim satisfaction surveys and this is progressing well against the project plan. In the meantime, the force has limited capacity to complete such surveys, however can report:

Victim Satisfaction

- *During September 2023, 76 surveys were attempted and 17 were completed. Of the remaining 59 – 18 victims declined, 30 were unable to be contacted and the remaining 11 were not given a reason.*
- *Of the 17 completed surveys, 15 were achieved on the first contact attempt and the remaining 2 took three attempts.*
- *Only 6 comments were left with regards to satisfaction levels – 4 of which that are positive, 1 is negative and the final one is mixed in that they are unhappy with how the investigation was managed but very satisfied with the safeguarding support.*
- *The final 11 that answered the survey do not have comments added so unable to identify if they were satisfied with the process.*
